**AUDIT REPORT****To the Board of School Trustees  
School District No. 92 (Nisga'a)**

We have audited the statement of financial position of School District No. 92 (Nisga'a) as at June 30, 2007 and the statements of revenue and expense, changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on the audit.

We conducted the audit in accordance with Canadian generally accepted auditing standards. These standards require that we plan and perform an audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the School District as at June 30, 2007 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles. These principles have been applied on a basis consistent with that of the preceding year.

**SCHOOL DISTRICT No. 92 (NISGA'A)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2007**

**NOTE 1      AUTHORITY AND PURPOSE**

The School District operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of School Trustees of School District No. 92 (NISGA'A)", and operates as "School District No. 92 (NISGA'A)". A board of school trustees (Board) elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education and the Nisga'a Lisims Government.

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES**

These financial statements were prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP) for not-for-profit organizations. These principles are consistent with those used in prior years.

The deferral method of accounting for contributions, which includes government grants, is used. Results are reported in the operating fund, special purpose funds and capital fund. Revenues and expenses are recorded on a gross and accrual basis.

Statement 2 (Statement of Revenue and Expense), Statement 3 (Statement of Changes in Fund Balances) and Statement 4 (Statement of Cash Flows) present annual results of each fund, changes in fund balances and cash flows for the year. Statement 1 (Statement of Financial Position) presents the assets, liabilities and fund balances as at June 30th. Interfund transfers and loans are recognized in each fund and eliminated in the consolidated totals.

a) Fund Accounting

The resources and operations of the School District are segregated into various funds for accounting and financial reporting purposes based on the types of restrictions on the use of contributions by governments or other granting agencies, and appropriations or other internal restrictions by the Board. While separate accounts are maintained for each fund, for financial reporting purposes, funds with similar characteristics are grouped together:

- Operating fund reports assets, liabilities, revenues and expenses for general operations.
- Special purpose funds report assets, liabilities, revenues and expenses for:
  - Contributions restricted in use by the *School Act* or Ministry of Education.
  - Contributions restricted in use by other external bodies.
  - Funds collected and used at the school level (i.e. school-generated funds).
- Capital fund reports assets, liabilities, revenues and expenses for capital. Contributions of other funds used for capital purposes are transferred to the capital fund.

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities with original terms to maturity of six months or less when purchased.

c) Prepaid Expenses

Materials and supplies held in central stores for use within the district are included as a prepaid expense and stated at acquisition cost. Prepaid expenses also include prepaid insurance.

d) Capital Assets

The following criteria apply:

- Capital assets acquired or constructed are recorded at cost. Donated capital assets are recorded at their fair market value on the date of donation.
  - Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
  - Sites and buildings that no longer contribute to the ability of the district to provide services are written-down to residual value.
  - Buildings that are demolished or destroyed are written-off.
  - Amortization is recorded on a straight-line basis over the estimated useful life of the asset.
- Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

e) Revenue Recognition

Unrestricted operating government grants, are recognized as revenue when received. Such grants, if contributed for a future period, are deferred and reported as deferred contributions until that future period. Other unrestricted revenue, including tuition fees and sales of services/products are reported as revenue when services are provided or products delivered.

Externally restricted contributions, grants, and donations are reported as revenue depending on the nature of restrictions imposed on the use of the funds by the contributors:

- Non-capital contributions for specific purposes are recorded as deferred contributions and recognized as revenue in the year related expenses are incurred.
- Contributions restricted for capital purposes are recorded as deferred contributions until the amount is invested in capital assets.
  - If the capital asset is a site, the amount invested is recorded as a direct increase to net assets invested in capital assets.
  - If the capital asset is not a site, the amount invested is recorded as a deferred capital contribution and amortized over the useful life of the asset.
  - Donated capital assets are recorded at fair market value and treated as a deferred capital contribution.

f) Expenditures

- administrative officer contract are categorized as Principals and Vice Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.
- Allocation of Costs
  - Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to regular programs.
  - Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
  - Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
  - Supplies and services are allocated based on actual identification of program.
- g) Financial Instruments

Financial instruments consist of cash, cash equivalents, investments, accounts receivable, accounts payable, accrued liabilities, other current liabilities and long term debt. Unless otherwise noted, it is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.
- h) Use of Estimates

Preparation of financial statements in accordance with Canadian Generally Accepted Accounting Principles requires management to make estimates and assumptions that impact reported amounts for assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

**NOTE 6      EMPLOYEE PENSION PLANS (continued)**

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent valuation of the Teachers' Plan as at December 31, 2005 indicated a \$904 million unfunded liability for basic pension benefits. The next valuation will be as at December 31, 2008 with results available in late 2009. The most recent valuation for the Municipal Pension Plan as at December 31, 2003 indicated an unfunded liability of \$789 million for basic pension benefits. The next valuation will be as at December 31, 2006 with results available in 2007. The actuary does not attribute portions of the unfunded liability to individual employers. The Nisga'a School District paid \$506,833 for employer contributions to these plans in the year ended June 30, 2007.
