

## **SCHOOL DISTRICT NO. 92 (NISGA'A)**

**Policy Subject:** SCHOOL CALENDAR

**Date Passed:** 94.05.10

**Date Amended:** June 14, 1994

**Description:**  
SCHOOL CALENDAR

### **Policy No. 111-P**

The Board of Education recognizes that the duly established School Calendar may require amendments to dates selected for instructional or non-instructional days. When such an amendment is required, the Board shall see the approval of parents and employees prior to amending the published calendar.

The Board further recognizes the value of Community Interaction Days. As long as the days are permitted by the Ministry of Education, the Board will consider the attendance of parents, community members, teachers, and support staff at the Annual Education Convention as Community Interaction Days. Approval for conducting Community Interaction Days shall be through the Convention Planning Committee for parents, through the union presidents for member employees and from the representative of each excluded staff organization. Should a consensus of approval or disapproval not be reached, the Community Interaction Days shall continue for 1994-1995 and 1995-1996.
