## ABORIGINAL REPORT - HOW ARE WE DOING?

Self-Identification: Once a student has self-identified as being of Aboriginal ancestry (First Nations: Status and Non-Status, Métis and Inuit), the student is included in all reported outcomes for Aboriginal students. This approach ensures a consistent methodology for identifying Aboriginal students across years, as students may self-identify as Aboriginal on some enrolments and not on others.

The Tripartite partners have collectively agreed to retain "Aboriginal" wording for the purposes of this year's "How Are We Doing?" report. Updating terminology from Aboriginal to Indigenous requires changes to Ministry data collection processes that will ensure standardized wording from collection onwards. This work is underway.

Since its inception in 1999, this report has included data from all students, regardless of residency status. In 2020, the Ministry was exploring a new way to report the Six-year Completion Rate by taking out the non-resident students. Since then, all performance-related measures have been re-calculated with "BC Residents" only. The latest data can be found in the Student Success website: <https://studentsuccess.gov.bc.ca>

The decision to remain consistent with other Ministry reporting websites was made by consensus among Tripartite parties including the First Nations Education Steering Committee (FNESC) and Indigenous Services Canada (ISC).

### GUIDELINES AND TIPS - REVIEWING STUDENT ACHIEVEMENT DATA

- **Use multiple sources of information whenever possible**

To supplement the student results being reviewed, it is advisable to refer to multiple sources of performance information including information drawn at the classroom, school, district and provincial levels. This is particularly important when reviewing the performance of small numbers of students.

- **Ensure comparability of information from different sources**

When analysing student results collected from different sources, care should be taken to ensure comparability. For example, consider the similarity of test questions, student groups participating, the number of students represented, as well as the consistency in test administration.

- **Consider participation rates**

Low participation rates, or small numbers of students, may not adequately reflect the whole population. When comparing different sources of data, or trends over time, it is important to note if a change in the number of participating students would have an impact on the results.

- **Be cautious of data representing small numbers of students**

Note the number of students participating or the number of students in the population being assessed. The fewer the students, the more carefully the results need to be interpreted. If data represent fewer than 10 students, be extremely cautious. The overall results for smaller groups of students can be greatly influenced by the scores of just a few (one or two) individuals. Protection of privacy must be ensured when reporting data.

- **Review data trends**

Multiple years of results are more meaningful than results for a single year. Five or more results may suggest a trend. The more results that follow the trend the greater the ability to make a prediction.

### POINTS OF INQUIRY

- Are the data relevant or appropriate for what is being assessed?
- Is the population of students reflected by these data representative of achievement of all students?
- What story do these data suggest about student achievement?
- Do the data tell enough of the story? In order to provide a more complete picture, what other information should be considered?
- Are there any identifiable groups of students that should be considered?
- What alternate conclusions could be drawn from these data?

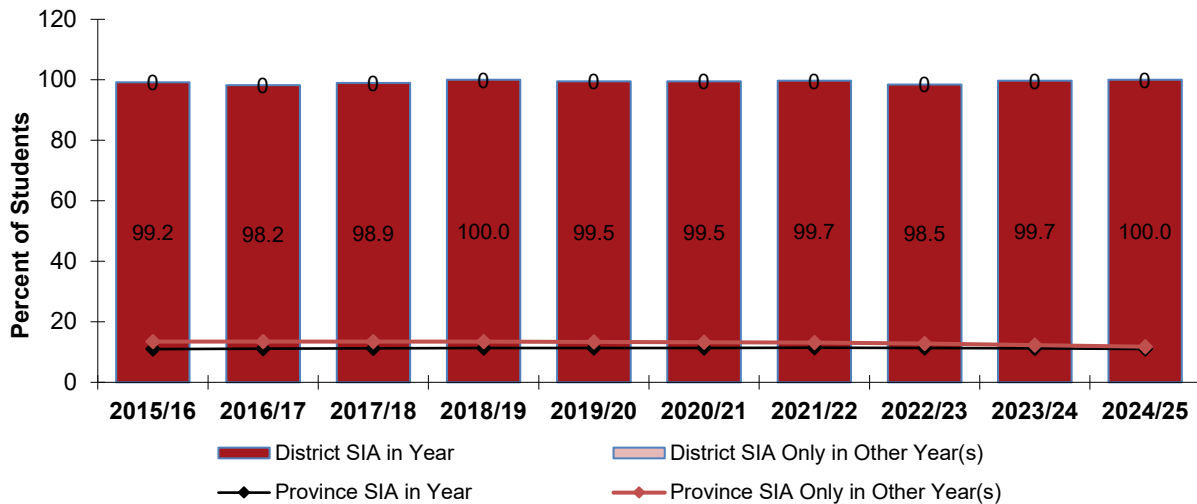

PLEASE NOTE

The Ministry makes small and continuous improvements to the quality of its data. Sometimes these changes result in differences from previously published reports. The data in this report are the most accurate data available at time of publication.

**Percent of Self-Identified Aboriginal Students**

**Note:**

"SIA in Year" - the student self-identified as Aboriginal in this year

"SIA Only in Other Year(s)" - the student did not self-identify as Aboriginal in this year, but did so in at least 1 other year

"Never SIA" - the student did not self-identify as Aboriginal in this year or any other

Students are classified as Aboriginal when they identify themselves as such – in other words, they “self-identify as Aboriginal” (SIA). In any given year, a student may or may not self-identify as Aboriginal. In 2003/04, the Ministry of Education and Child Care (ECC) and the First Nations Education Steering Committee (FNESC) agreed to report on the educational achievement of all students who “ever” identified themselves as Aboriginal. In ECC’s standard reports, students are categorized as Aboriginal if they self-identified as Aboriginal at any point during their time in K-12.

This table shows the number of students who (1) self-identified as Aboriginal in a given school year and those who (2) did not self-identify as Aboriginal in that particular year, yet did so in other years. The "Province" columns show the same information, but for all public schools in the province.

## FOUNDATION SKILLS ASSESSMENT (FSA) RESULTS: READING/LITERACY, GRADE 4

BC Residents

FSA 2021/22: Effective October 2021, FSA 2021/22 was updated by renaming Reading to Literacy and eliminating the one Writing question. The FSA now consists of two components: Literacy and Numeracy.

The FSA uses three levels to describe student performance. In 2017/18, the FSA categorization language evolved to reflect proficiency levels, and to be descriptive and strengths-based. The new levels are Emerging → On Track → Extending. For more information, please visit the FSA website:

## COURSE MARK RESULTS 2024/25: OVERVIEW

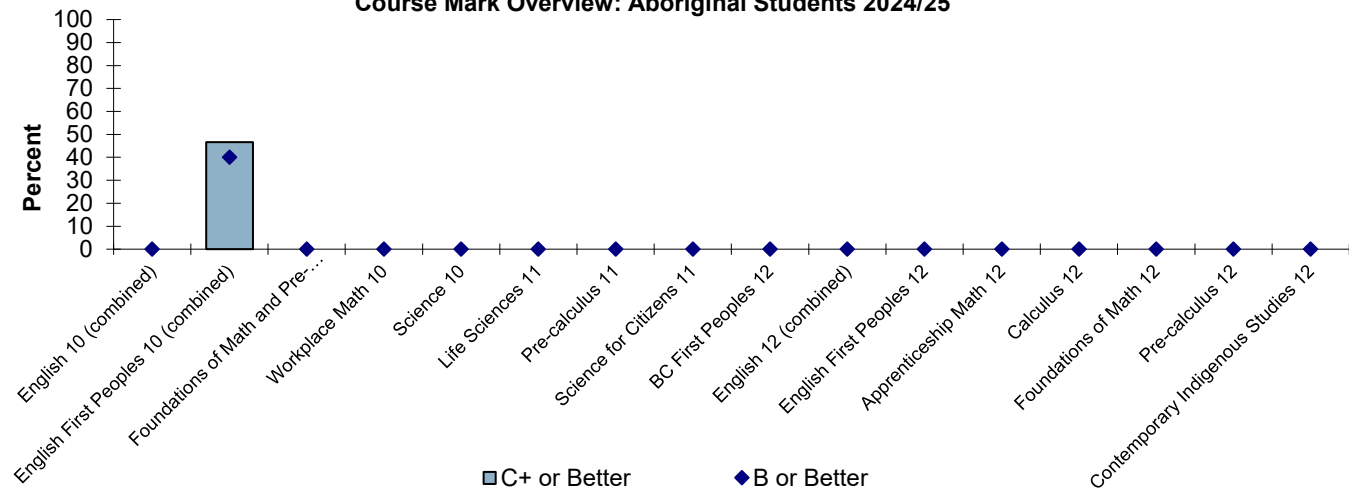

BC Residents

British Columbia's redesigned curriculum brings together two features that most educators agree are essential for 21st-century learning: a concept-based approach to learning and a focus on the development of competencies, to foster deeper, more transferable learning. These approaches complement each other because of their common focus on active engagement of students. The redesign of curriculum maintains a focus on sound foundations of literacy and numeracy while supporting the development of citizens who are capable thinkers and communicators, and who are personally and socially competent in all areas of their lives.

When drafting curricula, the First Peoples Principles of Learning provided a crucial lens for teacher teams, and all curriculum teams included Aboriginal representation. The teams put great effort into embedding Aboriginal knowledge and worldviews in curriculum in authentic and meaningful ways. Curriculum material was reviewed by Ministry staff as well as by Aboriginal teachers and other experts such as the First Nations Education Steering Committee (FNESC).

## FIRST NATIONS LANGUAGES COURSES (GRADE 10-12) 2020/21 - 2024/25

BC Residents

There are many First Nations languages in British Columbia for which curricula have been developed and Ministry approved through the Provincial Languages Template development process.

<https://www2.gov.bc.ca/gov/content/education-training/k-12/teach/resources-for-teachers/curriculum/indigenous-languages>

There are currently 20 approved First Nations languages courses. Courses where no students were enrolled during the 2023/24 school year are omitted from the following list. Some school districts may offer other Aboriginal language courses, which are not covered in this report.

The First Nations languages in this report are listed as they are represented in Integrated Resource Packages submitted to the Ministry of Education and Child Care for curriculum approval. The Ministry acknowledges that the spelling for these languages may not reflect how a First Nation currently represents their language.

## PROGRESS OF STUDENTS ENTERING GRADE 8

BC Residents

The data represent a cohort of students as they progress from Grade 8 through to Grade 12 completion. Each year out-migration estimates are factored in. If a student leaves for another district, that student's information will be reported in the new district's cohort information. (Grade transition includes transitions to a higher grade in any BC Public or Independent school.)

## FIVE-YEAR COMPLETION RATE, 2020/21 - 2024/25

BC Residents

The five-year completion rate is the percent of Grade 8 students who graduate with a BC Certificate of Graduation ("Dogwood") or a BC Adult Graduation Diploma ("Adult Dogwood"), within five years from the first time they enrol in Grade 8, adjusted for migration in and out of BC. It is not the inverse of a "dropout rate" as students may graduate after the five-year period.

## SIX-YEAR COMPLETION RATE, 2020/21 - 2024/25

BC Residents

The six-year completion rate is the percent of Grade 8 students who graduate, with a BC Certificate of Graduation ("Dogwood") or a BC Adult Graduation Diploma ("Adult Dogwood"), within six years from the first time they enrol in Grade 8, adjusted for migration in and out of BC. It is not the inverse of a "dropout rate" as students may graduate after the six-year period.

## BC SCHOOL COMPLETION CERTIFICATE AND BC CERTIFICATE OF GRADUATION

**BC Residents**

The School Completion Certificate or "Evergreen" Certificate was developed in the 2006/07 school year. It was a Ministry response to parents and educators who wanted to better celebrate students, primarily those with special learning needs and individual education plans, who had succeeded in meeting the goals of their educational program other than graduation.

The Certificate of Graduation or "Dogwood Diploma" issued upon successful completion of the provincial graduation requirements.

## BC ADULT GRADUATION DIPLOMA (Adult Dogwood)

BC Residents

The British Columbia Adult Graduation Diploma or "Adult Dogwood" is one of two graduation diplomas offered in BC schools. The Adult Dogwood is for students 18 years of age and older and requires 20 credits of study. This credential differs from the Dogwood Diploma, which requires at least 80 credits. Students in the Adult Graduation Program are not required to complete the Graduation Numeracy or Literacy Assessments. For more information, please visit the Graduation website:

## EDUCATION EXPERIENCES OF CHILDREN AND YOUTH IN CARE (CYIC)

BC Residents

In this report, Children and Youth living out of parental home under a legal arrangement refers to a child who has a legal arrangement with the Ministry of Children and Family Development (MCFD) or an Indigenous Child and Family Service Agency (ICFSA). The All Legal Groups cohort includes children that are in the custody, care, or guardianship of a director under the Child, Family and Community Service Act or a director of adoption designated under the Adoption Act, those who have a Youth Agreement or are receiving Youth Services; and those that are under Kinship Care.

All students are counted only once regardless of how many arrangements they have in each legal group.

The CYIC dataset was obtained from the Children and Youth in Care: How are we Doing? Report produced by the Ministry of Education and Child Care, the Ministry of Children and Family Development and the Ministry of Post-Secondary Education and Future Skills. Please note that there is incomplete data for children who were only identified as CYIC from birth to age 5 (i.e. former CYIC who were never in the care of the MCFD while enrolled in the BC school system). Approximately 60% of CYIC who were only in care from birth to age 5 are captured in this dataset.

## STUDENT TRANSITIONS TO BC PUBLIC POST-SECONDARY INSTITUTIONS

BC Residents

In recent years, some BC post-secondary institutions have changed their names and sector designation. Because of these changes, and to ensure consistency over time, each institution is reported under its most recent name and sector designation.

The data structure has been changed to match the reported data used in the Student Transitions Project. The project uses personal education numbers (PENs) to track BC student data across both K-12 and public post-secondary education systems. Includes Grade 12 graduates who received a BC Certificate of Graduation ("Dogwood") only. Data in this page will be masked due to the terms of the Information Sharing Agreement (ISA) in place with the Student Transitions Project.

## STUDENT LEARNING SURVEY RESULTS, 2020/21 - 2024/25

The Student Learning Survey is an annual province-wide census. This means that instead of sampling a small percentage, all students in the targeted grades are encouraged to participate. Because it is a census, the survey is representative even at the school level. Grade 11 survey was added in 2024/25 school year.

Some students do not complete surveys. Overall the response rates are around 75% for elementary grades and around 50% for secondary grades.

Some demographic information is taken from survey questions (e.g. grade level). The Aboriginal ancestry question is skipped by fewer than 1% of respondents, and so results by Aboriginal ancestry are considered to be representative of respondents and of the school population.

The following is a subset of questions from the Student Learning Survey. These questions were selected because they help to provide students' perspectives regarding their sense of belonging. For more information on the provincial Student Learning Survey, please visit: <https://www2.gov.bc.ca/gov/content/education-training/k-12/support/student-learning-survey>

### CAVEAT

With the focus on modernizing learning, there is a pressing need for information about the contexts that determines outcomes. Consequently, the Ministry (working with School Districts and Students), re-designed the survey to focus on learning processes as well as satisfaction. Reflecting this change, the survey has been called the "Student Learning Survey" since 2016/17.

More questions have been added since 2016/17, including new questions related to themes and categories of interest to clients, new open-ended questions, and the survey has been "PENed".

Report users should carefully compare any results after 2016/17 against trends established in earlier years, and consider the change of 2016/17 results if they differ greatly from established trends.

The suspension of in-class instruction from mid-March to the end of May 2020 under the direction of the Provincial Health Officer in response to the COVID-19 pandemic resulted in a reduced number of respondents for the 2019/20 Student Learning Survey administration.

## GLOSSARY

GLOSSARY ITEM	DEFINITION
<b>Aboriginal Student</b>	A student who has self-identified as being of Aboriginal ancestry (First Nations: Status and Non-Status, Métis and Inuit). Aboriginal ancestry and Status Indian living on reserve is indicated on the Student Data Collection Form 1701. For data collection purposes a student identified as Aboriginal will be considered Aboriginal from the 2003/04 school year forward. Status Indians are Aboriginal people who meet the requirements of the Indian Act and who are registered under the Act.
<b>Alternate Programs</b>	Programs that meet the special requirements of students who may be unable to adjust to the requirements of regular schools (for example timetables, schedules, or traditional classroom environment). Programs must be offered in separate facilities.
<b>Attendance - Chronically Absent Student Rate</b>	Students are deemed to be chronically absent if they missed 10% or more of Instruction Days in a given school year.
<b>Children and Youth in care</b>	Children and Youth living out of parental home under a legal arrangement refers to a child who has a legal arrangement with the Ministry of Children and Family Development (MCFD) or an Indigenous Child and Family Service Agency (ICFSA). The All Legal Groups cohort includes children that are in the custody, care, or guardianship of a director under the Child, Family and Community Service Act or a director of adoption designated under the Adoption Act, those who have a Youth Agreement or are receiving Youth Services; and those that are under Kinship Care.
<b>Course Mark</b>	The result achieved by student, as assigned by the teacher at the school level, in a particular course.
<b>Eligible Grade 12 Graduation Rate</b>	The proportion of eligible-to-graduate Grade 12 students who graduated in that school year. Eligible to graduate reporting only includes Dogwood (BC Secondary Graduation Diploma), and does not include Adult Dogwood (BC Adult Graduation Diploma) or Evergreen (BC School Completion Certificate).
<b>Enrolment</b>	A record of a student, reported to the Ministry, entering into an educational program offered by a BC Board of Education, Francophone Education Authority or BC Certified Independent Schools (including Offshore Schools). A student may be recorded and counted as an enrolment in more than one school. Enrolment counts include the records of all adults and school-age persons who are enrolled in the BC K-12 system. Registered homeschooled children are not considered an enrolment.
<b>Graduation</b>	A Certificate of Graduation is awarded by the Ministry of Education and Child Care upon successful completion of the BC Provincial Graduation Requirements.
<b>Headcount</b>	A count of unique individuals, rather than enrolments.
<b>Hyphen</b>	A hyphen (-) is used in two situations: 1. The data are not available (for example, the Foundation Skills Assessment report provides information on a range of years that may include years “in the future”), so a hyphen is used. 2. The data describe an outcome (such as a percent or rate) where the underlying number of students or enrolments is zero (0). For example, consider a Grade 12 class that has no students enrolled in an ELL program. When reporting the percent of Grade 12 ELL students who achieved a C+ or better in math, it is not appropriate to report any math outcomes for ELL students, so a hyphen is used.
<b>Msk</b>	Abbreviation for Mask, which indicates that the information has been suppressed to protect personal information. The Ministry Masking Policy is intended to prevent the possibility of associating statistical data with an identifiable individual. To protect the privacy of individuals, very small population numbers must be suppressed (masked) when the Ministry reports or otherwise publicly releases aggregated data. For more information please refer to:  <a href="https://www2.gov.bc.ca/gov/content/education-training/k-12/administration/legislation-policy/public-schools/protection-of-personal-information-when-reporting-on-small-populations">https://www2.gov.bc.ca/gov/content/education-training/k-12/administration/legislation-policy/public-schools/protection-of-personal-information-when-reporting-on-small-populations</a>

<b>Off-Reserve Aboriginal Student</b>	Includes only Aboriginal students who live off a reserve and attend a BC public school.
<b>On-Reserve Aboriginal Student</b>	Includes only Aboriginal students who live on a reserve and attend a BC public school.
<b>Participant (Foundation Skills Assessment)</b>	A student who responded meaningfully to at least one question in the assessment.
<b>Participation Rate (Foundation Skills Assessment)</b>	The number of students who responded to at least one question in the assessment, divided by the total number of students in that grade.
<b>Participation Rate (Graduation Assessment)</b>	Denominator: All grade 10 or 12 enrolments without early writers and repeaters who took assessments in previous year(s) of grade 10 or 12 (these early writers and repeaters already fulfilled the requirement of taking assessment so they are excluded from the expected count). Numerator: Count of students from the denominator who took the assessment in a specific school year.
<b>Performance (Foundation Skills Assessment)</b>	In 2017/18, the FSA categorization language evolved to reflect proficiency levels, and to be descriptive and strengths-based. The new levels are: <ul style="list-style-type: none"> <li>• Emerging - students demonstrate an initial understanding of the concepts and competencies relevant to the expected learning</li> <li>• On Track - students demonstrate a partial understanding of the concepts and competencies relevant to the expected learning</li> <li>• Extending - students demonstrate a sophisticated understanding of the concepts and competencies relevant to the expected learning</li> </ul>
<b>Performance (Graduation Assessment)</b>	Provincial graduation assessments use a four-level proficiency levels for reporting student achievement results: <ul style="list-style-type: none"> <li>• Emerging - students demonstrate an initial understanding of the concepts and competencies relevant to the expected learning</li> <li>• Developing - students demonstrate a partial understanding of the concepts and competencies relevant to the expected learning</li> <li>• Proficient - students demonstrate a complete understanding of the concepts and competencies relevant to the expected learning</li> <li>• Extending - students demonstrate a sophisticated understanding of the concepts and competencies relevant to the expected learning</li> </ul> Denominator: Include all students who took the assessment in a school year regardless of their grades. (Please note that the denominator of the Participation Rate and the Performance Indicators are extracted from different cohorts).
<b>Public School</b>	A body of students, teachers, other staff, and facilities organized as a unit for educational purposes under the supervision of an administrative officer and administered by a district school board of education. Types of public schools include Standard Schools, Short-term and Long-term Provincial Resource Programs, Youth Custody, Continuing Education Centres, Alternate Programs and Online Learning Programs.
<b>Resident (student)</b>	Resident students are those for which the Ministry of Education and Child Care will provide operating grant funding to boards of education or eligible independent schools. The ministry provides operating grant funding for: <ul style="list-style-type: none"> <li>• Children who, along with their guardian(s), are ordinarily resident in British Columbia</li> <li>• Children who are deemed ordinarily resident in BC under the School Regulation</li> <li>• Other children who meet criteria set out in the Eligibility of Students for Operating Grant Funding policy</li> </ul>
<b>School District</b>	A geographic area in British Columbia constituted as a district under the School Act. There are currently 59 school districts and one Francophone Education Authority.
<b>School Year</b>	The school year includes a portion of two regular calendar years. It is the 12-month period commencing on July 1 and ending the following June 30.

<b>Six-year Completion Rate</b>	<p>The proportion of students who graduate, with a BC Certificate of Graduation ("Dogwood") or BC Adult Graduation Diploma ("Adult Dogwood"), within six years from the first time they enrol in Grade 8, adjusted for migration in and out of British Columbia. A six-year rate provides students with an additional year beyond the five years required to move through Grades 8-12.</p> <p>Six-year completion rates are not produced at the school level, as outmigration adjustments (to account for students leaving the province) cannot be estimated from Ministry data. The district in which a student last attended school in Years 1 through 6 is assigned to the district cohort from which the Six-year Completion Rate is determined.</p> <p>In this report, when the six-year rate is reported, numbers for prior school years are not updated. When the six-year rate is reported with the seven- and eight-year rates, numbers for prior school years are updated.</p>
