## District Name

The legal name of our school district is "The Board of Education of School District No. 92 (Nisga'a)". This name cannot be *legally* changed unless there are legislative changes to the School Act. However, like several other districts across the province, such as Mission Public Schools, we do have the ability to be known by a name other than the legal one. We are planning to adjust the name we use in day-to-day operations to **Nisga'a School District No. 92**, removing the parentheses and shifting Nisga'a to the beginning of the title rather than the end. Parentheses are often used to share an afterthought, or additional but unnecessary information. Nisga'a, we believe, should be front and center in our district name, not an afterthought in parentheses.

## District Logo

As we move forward with our newly developed strategic plan, *Dim luu-ts'ipkw hli gawisit*, Mr. Peter McKay designed the following piece of art as a revised and updated district logo. The logo connects closely with the Nisga'a Nation's logo - the Hayatskw, which has served as the school district logo for many years and represents the nation's wealth, its people. Keeping the Hayatskw as the foundation was essential, just as honouring the Nisga'a Vision for Education remains the foundation of the district strategic plan. In the logo, the four crests, sit in the continuous and intertwined circle of life since the beginning of Nisga'a existence at the Island of Lax-Gwinsk'eexkw. Our students are the wealth of the district and the nation and their identity, we believe is reflected in this logo.
