11. TRUSTEE REPORTS:

11.1 Indigenous Education Committee Report – Trustee Azak

Trustee Azak attended the Indigenous Education Committee meeting at the BCSTA November 2018 meeting.

Five questions were posed to the attendees. Responses to the questions were documented and attached. The document contains good information and awareness that could be brought to the community level.

Trustee Azak's term ends on April 2019, this completes his 3-year term on this committee.

11.2 Provincial Council Report – Trustee Hayduk

Trustee Hayduk attended the BCSTA Provincial Council meeting on February 8 and 9, 2019:

SFU Wosk Centre - Vancouver BC

Our introductory session with Ministry official gave an overview of past (and current) funding model. It became clear that as usual without specifics it is difficult to understand/support a new allocation framework. People wanted a hint of what is to come to get a sense of how it will impact their district, but few specifics were share, (A valuable suggestion from the floor was to include a commitment for a review after the new system has been in place for 3 or 4 years to address any unforeseen difficulties) Again the principles of equity, predictability and flexibility are supported by the Ministry, but how this is going to be achieved was the real question. This remains unanswered. The significant differences between districts and how to be seen to live up to these expectations is a challenge. A new funding mechanism for Education was an election promise that is proving to be quite difficult. Districts are concerned as to what the results will actually look like. Without clear and common agreement on the meaning of terms like community, rural, equity of opportunity etc., the range of effect when the new formula

is implemented is large.

Next steps will be a round of working groups that I think are intended to make sense of the whole thing. Boards still have the opportunity to submit thoughts, and advise through the BCSTA (these will be shared with other boards (unless requested otherwise) or directly to the Ministry.

As I mentioned previously motions to Provincial Council go through a vetting process by the Legislative Committee, while those submitted late must be of in emergent nature in order for them to accepted for debate. This meeting had such motions (late) submitted and the Councellors refused to allow some on the basis the they were not emergent even if the subject matter itself was valid/important.

BCSTA budget will be presented at AGM. It includes a salary increase for executive members and a BCSTA staff increase based on teacher negotiation settlement.

12. PUBLIC QUESTION PERIOD:

During the public question period a few questions were posed.

FNESC Language and Culture funding – we are checking if unspent funds at June 30, 2019 are not spent, if they can be carried to the fiscal 2019/20.

All changes to the original project submission will have to be approved by FNESC.

The district support staff are providing assorted services to the individual school programs and will be charging for those services up to the maximum allowed by FNESC.

Any training required by staff in this program will be reviewed by the individual school Principals.

Schools will be providing to FNESC an interim report on March 1, 2019 and a final report on June 30, 2019.

The Board is supportive of the school sports programs. The Director of Operations will have the gym floor and the score board assessed and will ensure remedial work is completed.

ELECTRONIC PAYMENT REQUEST FORM

FNESC is pleased to provide the option of electronic funds transfer for payments. Instead of mailing a cheque for payment of your invoices, travel claims and program allocations, we will electronically transfer the payment to your bank account and notify you via email that the bank deposit is being made. The benefit of this option is that it will get funds into your bank account faster and avoid problems with lost or stolen cheques and postal disruptions.

	MEETING AGENE	OA ITEM #9.1	
Action:	X	Information:	
Meeting:	Regular	Meeting Date:	May 21, 2019
Topic:	Policy Review Committee Update	te	

Background/Discussion:

A Policy Review Committee has been formed.

Update on the members: Trustee Ousey, Chair, Superintendent, Secretary Treasurer, NTU President/designate, CUPE President/designate and OTHERS....

Need to formalize the membership.

The current Board policies have been reviewed. As discussed at prior board meetings there was a need to separate the policies from administrative procedures. Attached are 2 documents; Board policy and Administrative procedures. A new numbering system has been applied. There is a need to identify whether there are any new policies.

Recommended Action:

That the Board of Education formalize the committee members, adopt the separation of the policies from administrative procedures, accept the new sections within each and the new numbering; and provide direction to the committee to commence reviewing the existing policies; identify gaps in the policies required and inform the Board.
