STAFFING ANNOUNCEMENT - FOR IMMEDIATE RELEASE

Nisga'a School District Welcomes Aron Reusch to Nathan Barton Elementary

Gitlaxt'aamiks, BC – Nisga'a School District 92 is pleased to announce the appointment of Aron Reusch as the new Vice-Principal of Nathan Barton Elementary School, effective March 30th, 2026. Aron brings more than two decades of diverse experience in education, leadership, counselling, and student support, making him an excellent addition to our district and our school leadership team.

Aron has taught across a wide range of grade levels from Grade 4 to Grade 12, serving in roles that include classroom teacher, learning assistance teacher, technology educator, and student support specialist. His experience spans multiple contexts including elementary, middle, and secondary schools, distance education, and international teaching.

He holds a Master of Education in Counselling from the University of Northern British Columbia, where he also completed leadership coursework, as well as a Bachelor of Education in Science (Physics) and an earlier Bachelor's degree in Electronic Engineering from the University of Victoria. Aron's strong background in counselling, mental health, and student services aligns well with NSD 92's commitment to learner well-being, trauma-informed practice, and wraparound supports. Aron is a Registered Clinical Counsellor (RCC) with the BC Association of Clinical Counsellors, a designation that reflects rigorous professional standards and a deep commitment to ethical practice and student wellness.

Throughout his career, Aron has demonstrated a passion for relationship-centred education, inclusive learning environments, and culturally responsive approaches. His experience working with Indigenous learners includes post-secondary coursework in Aboriginal history, culture, and pedagogy, along with ongoing engagement in Dakelh language classes. He brings a strong belief in building trust, fostering belonging, and ensuring every learner is seen, supported, and valued.

Aron's broad skill set in counselling, instructional practice, behaviour support, technology integration, and community collaboration will serve our students, staff, and families well. His leadership style reflects humility, curiosity, and a commitment to continuous improvement, aligning with the district's vision of Sayt K'ilim Goot and our shared goal of creating safe and caring schools grounded in Nisga'a values.

Please join us in welcoming Aron Reusch to the Nisga'a School District community and to Nathan Barton Elementary School. We look forward to the positive impact his leadership will have on students, staff, families, and the wider community.
