Subject: Staffing Announcement: District Principal – Enhanced Services & Programs

Dear Nisga'a Partners & Community Members,

It is with great pleasure that I announce the appointment of Lori Burger as District Principal of Enhanced Programs and Services for Nisga'a School District No. 92 commencing September 1, 2026.

Lori is a proud member of the Nisga'a Nation from Gitlaxt'aamiks in the Nass Valley. She is Giskaast (Killerwhale), from the House of Wisin Xbiltkw, and is also Cree from Treaty 6 territory on her mother's side. As an author, educator, and leader in Indigenous education, Lori's work is grounded in story, education, and uplifting Indigenous voices.

With more than twenty years of experience in education and leadership, Lori has dedicated her career to advancing equity, representation, and meaningful learning opportunities for all students. Her commitment to Indigenous student success, inclusive learning environments, and culturally responsive practices aligns strongly with the vision and priorities of our district.

Lori shares: *"I am very excited to serve the community in this educational leadership capacity. I am looking forward to learning in my home territory and supporting empowerment for Nisga'a youth."*

In her role as District Principal of Enhanced Programs and Services, Lori will work closely with school leaders, educators, support staff, families, and community partners to support initiatives that strengthen student success, enhance inclusive practices, promote culturally responsive learning, and honour Nisga'a language, culture, and identity across the district.

Please join me in warmly welcoming Lori Burger to her new role. We are excited about the knowledge, experience, and leadership she brings and look forward to the positive impact she will have on students, families, staff, and communities throughout Nisga'a School District.

Respectfully,

Liimiiuum Hala'ayt - Robert Clifton
CEO & Superintendent of Schools
Nisga'a School District 92
