Phone: 250-633-2228
Fax: 250-633-2401

We have received confirmation from the Public-Sector Employers' Council (PSEC) Secretariat regarding the provincial government's expectation/direction with respect to wage and job continuity for public sector employees arising from the COVID-19 pandemic.

As we prepare our plans for continuity of learning, it is government's expectation that pay will continue through the months of March and April "for employees whose work would not otherwise have been interrupted save for the pandemic response." This expectation/direction will be reviewed by government prior to the end of April and updates issued as available. This means all employees will report to work on Monday March 30th in some capacity. As clarity comes into focus, we will communicate exactly what this looks like. While some employees may be deployed in ways different than usual, we will try to keep your work as similar as possible to what it would be normally. Information with respect to casual employees will follow.

More information will be forthcoming after Monday's conference call. Please check our website regularly as from this point as all information will be posted there. <https://nisgaa.bc.ca>

Thank you and please stay safe

Joe Rhodes
Superintendent
