

## Nisga'a School District 92 Equity Scan 2022

Our school district is in the midst of developing a Equity Plan to increase equity within the district and make sure that every student is well-served. To create a plan that reflects communities, we need your help. Please respond to the questions in the following surveys. You can answer as many (or few) of the questions as you'd like.

If you would rather not respond to the survey, that's okay. We still want to know what you think and how you feel. We'd like your input into how we can make our schools equitable for every student. We want to meet the needs of every child and your input is necessary. If you'd rather have a conversation, please contact your child's principal, or leave your contact information at the end of the survey and someone will be in touch.
